EDUCATION

Southern New Hampshire University

B.S. in Computer Science, Software Engineering Concentration

Expected December 2027

EXPERIENCE

Fat Quarter Shop | E-commerce Website Coordinator

2023 – Present

- Maintain and update product pages within a production Magento CMS, primarily through large-scale CSV imports and manual content edits.
- Edit HTML within product descriptions to ensure proper structure, formatting, and link accuracy.
- Apply standardized CSS formatting blocks to ensure consistent presentation across product listings.
- Validate content accuracy and formatting prior to publishing updates to a live e-commerce site.
- Perform basic image edits (cropping, resizing, rounding) to meet site standards.
- Track and manage work using Monday.com project boards and site-fix ticket queues.
- Collaborate with marketing and operations teams to execute content updates accurately and on schedule.

AAA Staffing | Leasing Agent

2021 - 2023

Hot Spots Locating | Apartment Locator

2014 - 2021

Apple (Contract) | Technical Support

2016 – 2017

PROJECTS

Small Business Website – Healthcare Services

exclusivehomecaretx.com

HTML, CSS

- Designed and developed a responsive website for a small healthcare business using custom HTML and CSS.
- Built static page layouts outside of a CMS environment.
- Implemented a contact form using a third-party form service.
- Managed hosting, deployment, and domain configuration.
- Ensured mobile responsiveness and consistent presentation across devices.

SKILLS

- **Web Development:** HTML5, CSS3, Tailwind CSS, JavaScript, Bootstrap, responsive design

- **Tools:** Magento CMS, GitHub, Vercel, Excel, Photoshop, Illustrator, Canva, Monday.com
