Self motivated Web Developer with experience in front end development, CMS management, and responsive design. Eager to contribute to a collaborative, and process oriented development environment.

EDUCATION

Southern New Hampshire University
B.S. in Computer Science, Software Engineering Concentration
Expected December 2027

EXPERIENCE

Fat Quarter Shop | E-commerce Website Coordinator
2023 – Present
- Develop and update product pages using HTML and CSS, ensuring responsive and user-friendly designs, directly aligning with front-end development tasks.
- Troubleshoot layout and display issues, improving usability and consistency across devices and browsers.
- Manage and organize product data within Magento CMS.
- Collaborate with marketing and design teams to align updates with business objectives and brand style.

AAA Staffing | Leasing Agent
2021 - 2023
- Maintained detailed client records and resolved customer issues, developing strong communication and problem-solving skills.
- Ensured database accuracy and completeness, supporting reliable data reporting and QA efforts.

Hot Spots Locating | Licensed Real Estate Agent / Apartment Locator
2014 - 2021
- Helped clients find rental housing by coordinating with property managers, landlords, and apartment communities.
- Managed client communications, appointments, tours, and application support independently as a commission-only contractor.

Confidential Contract | Apple Tech Support
2016 – 2017
- Delivered remote troubleshooting for Apple products.
- Strengthened ability to communicate technical information to non-technical users.

SKILLS

- **Web Development**: HTML5, CSS3, Tailwind CSS, JavaScript, Bootstrap, responsive design.
- **Tools**: Magento CMS, GitHub, Vercel, Microsoft Office Suite, Photoshop, Illustrator, Canva.
